

Permission to Contact Youth Policy

As parent/guardian, I understand that Catholic Church of St. Monica follows the Archdiocese of Atlanta's Social Media Policy and Guidelines for the Use of Social Networking Sites with Minors for contacting youth via social media. We may use text messages and email to contact youth for a variety of internal and external communications. As the need may arise, we will also use software-based video conferencing communication, including but not limited to, Zoom and Go-To Meeting. Per this policy and guidelines, parents must be made aware of how social media, electronic and video conferencing communications are being used. Parents must be told how to access sites, and be given the opportunity to be copied on all material sent to their children.
